Scattered Light

Album · 15 December 2023 · Self-released
Genre: Gothic Rock / Darkwave / Post-Punk

„...25 years are a legit and proper period of time to take a pause and reflect for a moment. To look into the mirror and define past, present and future. And GOLDEN APES do this in a delightfully musical and splendidly entertaining way: More than 20 bands and artists, all somehow part of or woven in the bands history, contributed their handpicked version of one of those gripping tunes, the band has gifted us with increasing regularity for such a long time now, to a compilation called “Scattered Light - A Reflection Of The Music Of Golden Apes”..." (Vito Schneider)

ABOUT GOLDEN APES

Golden Apes were founded in Berlin in 1998 around **Peer Lebrecht** (vocals, keyboards) and **Christian Lebrecht** (bass); the name refers to Nietzsche's *Also sprach Zarathustra*.
From *Stigma 3:am* (2000) to *Kasbek* (2019), which marked their twentieth year, and *Our Ashes At The End Of The Day* (2024), the band built a substantial catalogue of gothic rock and darkwave. For their 25th anniversary, more than 20 artists recorded Golden Apes songs for *Scattered Light* (2023). The latest album, *The Sun Came Up Tremendously*, was released on 18 September 2026 by Icy Cold Records.
